

Ing. Adrián Vyskoč

Senior Software Engineer · Full-Stack · Freelance

jmpr.space · Bratislava, Slovakia

PROFILE

Full-stack engineer with 7+ years of experience designing and building web products – from marketing sites to complex SaaS platforms. Strong frontend focus (Vue.js, SvelteKit, TypeScript) backed by solid backend skills (Node.js, Fastify, PostgreSQL, Drizzle ORM). Currently working as a freelance developer, open to selected collaborations on products where clarity, performance and long-term maintainability matter.
